

BBC Radio Ulster covers ME

21st February 2007

Hello there,

This week ME was featured on BBC Radio Ulster this week and it got so many phone calls the discussion happened over two days.

Jane Colby alerted me to one of the broadcasts but unfortunately didn't get onto the programme in the end.

Both discussions are now on my website and the links to each are given below.

The recordings on my site are in .mp3 format and can be listened to online or downloaded as you wish.

Just right click your mouse on the links and select Save As... or Open File...

It would be best to save the files to your computer if you are using a narrowband "dial-up" connection.

Many thanks to the person who sent me the real audio recordings.
